

## FEES

Fees can vary, depending on how you use Jim and his services. Here are some variables to consider when planning your meeting and creating a budget for him.

- **the type of presentation**... keynote, general session or breakout, workshop
- **multiple presentations**... different or same-presentation repeated 1-4 times
- **gifting a copy of Jim's book** to each person attending the meeting
- **length of presentation**, i.e., full day (up to six hours)
- **location or venue** where meeting is being held
- **expenses**... actual, flat rate, or inclusive with fee
- **licensing fee**... for permission to audio or video tape Jim's presentation
- **terms**...your choice between paying in full upfront or a 50/50 payment option

A typical investment on your behalf will run between \$5,500 to \$10,500 U.S. dollars. We have been known to work out arrangements with some clients, however, if you wish to negotiate fees, please understand that we are expecting something very substantial in return for reducing our regular fee schedule. Also for some organizations, associations, or franchisors, the investment could increase, based on an inordinate number of variables chosen. Please call Jim or Marti Cox directly to discuss how we can meet the best of what you need and want for your people.
